

EDUCATIONAL SEMINAR

Hosted by Mortgage Bankers Association of Southwest Florida and AIG United Guaranty

Insight to Layering Risk

Here's a great opportunity to learn how lenders and automated underwriting systems layer loan risk. Participants gain insight into the primary factors that trigger a layer of risk. Further, there is discussion of how certain factors increase the likelihood of payment default. Learn how to review a loan and analyze the elements that create risk. Every mortgage professional—new to the industry or seasoned—develops a deeper understanding of the elements that create risk and how to properly analyze those factors.

Presented by: Donna Malecki
Florida Regional Underwriting Manager
27 Years of Industry Experience
Former Southeast Regional Trainer

**Space is limited! Please RSVP by Monday,
September 8, 2008 to:**
